

The SGA REVIEW

Term: Fall | Inaugural Issue | Date: November 4, 2019

Events You May Have Missed

The Campus Clean Up

One of our four committees put on a clean up event in and around campus where all students were invited to join and fight against the effect of mismanaged waste on the local community, wildlife, habitats and much more.

The student who cleaned up the most amount of garbage was Melanie Diep!

The SGA Meet & Greet

Another one of our four committees set up an event geared towards engaging and informing students on who their representatives are, what SGA's role is on campus, and discovering what issues students feel most passionately about.

SGA's Mission

The Augustana Student Government Association reflects and advances the fulfillment of student needs in the academic and social community. A united student body exerts significant influence in the operation and policies of the College. The Student Government Association seeks to channel, define, and embody that collective strength. To fulfill its charge, Student Government must maintain a constant exchange with the student body.
