

How to sign up for Housing in 3 easy steps

Step 1: Complete your Housing application at myhousing.augustana.edu

Step 2: Update your Profile and fill out the Questionnaire. This is how you share information about yourself to get matched with a roommate.

Step 3 (Optional): You can now use the “Roommates & Rooms” link to find other students to add as Friends and Roommates. First year students can create roommates groups of 2 or 3 people. If you don’t select a roommate by June 30, we’ll match you up with someone based on your Questionnaire responses. The system will make recommendations for you.
